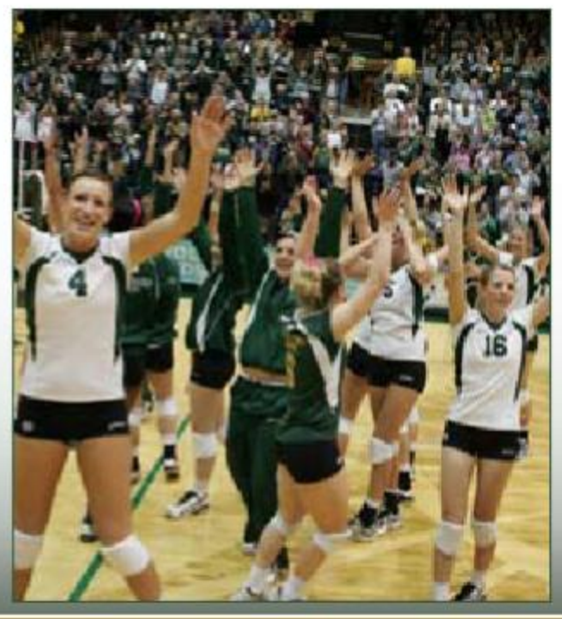
A Message From University President Dr. Anthony A. Frank



Welcome to Colorado State University!

It's going to be a great year for Colorado State University—and as a Rams fan, I'm fully convinced Ram athletics is on a very strong trajectory to success.

A healthy, competitive athletics programs is driven by student athletes who embody the high personal standards, strong character, and commitment to excellence that are characteristic of a great University. At CSU, we expect that our athletes have a commitment to teamwork and success that's fully matched by their commitment to individual achievement in the classroom and to serving as a positive role model on campus and in the community. And every year, our Ram athletes meet and exceed this expectation.

Their success is important for our entire campus community. We all work hard and take life seriously--when the Rams score, it gives us a reason to celebrate and show off our unabashed pride in all things green and gold. The success of our sports teams also helps draw attention to the University as a whole and, because we run a clean and well-grounded program, it spotlights the importance we place on key civic values like responsibility, integrity, and fair play.

While we have high standards for our student-athletes in the classroom and on the field, we also believe it is the University's responsibility to provide them—and all our students-with the tools they need to compete and succeed at the highest levels. That is why we've been investing in upgraded classroom buildings and residence halls these last few years, and why we've also completed a new practice facility and state-of-the-art Academic and Training Center, which offers student-athletes quality weight-training facilities paired with study environments, computer labs, and academic support needed to help them balance the demands of coursework and competition.

Like our fans, we have high expectations for our athletics programs, and we're confident in the leadership of our coaches and Athletic Director Paul Kowalczyk, who work to keep our programs competitive, transparent, and high-quality. Colorado State is extremely fortunate to have an intensely loyal fan base, and success on the court or on the field is a great reward to our supporters. But our greatest reward is the success that we all share when the young men and women in the Rams jerseys graduate and go on to achieve great things in their lives after CSU.

On behalf of Colorado State's students, faculty, staff, and alumni, I thank you for your continued support of Ram athletics.

Go Rams!

The Board of Governors of the Colorado State University System represents the people of Colorado, assuring effective management, accountability, and responsible leadership of all the CSU System campuses – Fort Collins, Pueblo and the new online Global Campus.

Board members come from across the state and from many fields — business, public service, agriculture — and share a strong commitment to excellence, innovation, and student success.

The Board of Governors sets a standard of excellence for all the campuses that carry the Colorado State name, through the establishment of a bold vision, mission, and values coupled with ambitious stretch goals for each campus, and strongly supports Colorado State athletics programs as a source of pride for students, alumni, and the State of Colorado.

The Board of Governors and the CSU System work to further the roles of its three universities to be integral contributors to the economic development of the state. Work force education, research funding and new business and product development are some of the areas where the institutions are excelling.

The University at a Glance

As one of the nation's leading research universities, Colorado State provides an excellent, accessible education, conducts research that transforms our world, and leads outreach programs that support economic vitality and improve the quality of life for people worldwide.

As Colorado's land-grant university, Colorado State was founded in 1870 to fulfill the vision of President Abraham Lincoln and others – to create access and opportunity for people in Colorado and around the world who can benefit from hands-on, engaged learning.

With more than 150 programs of study and 78 undergraduate degree programs in eight colleges – and a faculty-to-student ratio of 16.5:1 – students have access to a wealth of educational possibilities. Colorado State leads the world in disciplines such as human and animal health, clean energy and the environment, global and sustainable business, engineering, and climate research. Along with outstanding programs in the liberal and performing arts, humanities and social sciences, Colorado State offers some of the top professional programs in the country in construction management, occupational therapy, psychology, communications, and agriculture—and is home to the top-ranked public business school in the state.

Challenging academic programs and world-changing research are hallmarks of Colorado State, and it is our special commitment to service, outreach, and transforming our world through innovation that sets this university apart. Even more important, CSU's character is reflected in the quality of our students and graduates, who embody the university's mission of service and go on to make a significant impact on our world when they graduate.

We invite you to learn more about Colorado State, a university with vision, character, and a commitment to excellence.

World-Class Academics

Colorado State University takes very seriously its role in educating student-athletes. Excellence is expected on the field and in the classroom.

The most recent NCAA academic statistics reveal that Colorado State leads the Mountain West Conference in graduation rate for student-athletes at 66 percent – well ahead of the conference's overall student-athlete graduation rate of 57 percent. In football, Colorado State is second in the MWC, graduating 68 percent of its student-athletes – again, well ahead of the conference average of 49 percent.

Colorado State, however, is not resting on its reputation for graduating its student-athletes. The state-of-the-art Anderson Academic Center, which will greatly enhance the academic facilities available for student-athletes, opened in August 2009.

While the athletic department takes its role in the educational process very seriously, Colorado State's mission to provide a world-class education is at the core of academic success. U.S. News and World Report ranked Colorado State in its top tier in its annual "America's Best Colleges" report. The university offers 79 majors and 27 minors, and many of its programs are ranked among the best in the country.

Colorado State continues to push forward in its mission to provide the best possible education. Construction recently was completed on the state-of-the-art University Center for the Arts and Computer Science buildings, along with the indoor practice facility, academic and training center, and the Rockwell Hall expansion at the College of Business.

- CSU's Veterinary Medicine program ranks second in the country and is the national leader in federal research dollars.
- *BusinessWeek* ranked CSU's undergraduate College of Business program 67th (up from 73rd in 2008). The program ranks 30th among all public schools and 14th among all colleges and universities in the West and Southwest. The marketing and business law programs were ranked in the nation's Top 10 by the magazine.
- In December 2008, CSU conferred its 150,000th bachelor's degree and 200,000th overall degree.
- According to NCAA statistics, CSU's graduation rate for student-athletes is higher than the graduation rate for the overall student body.

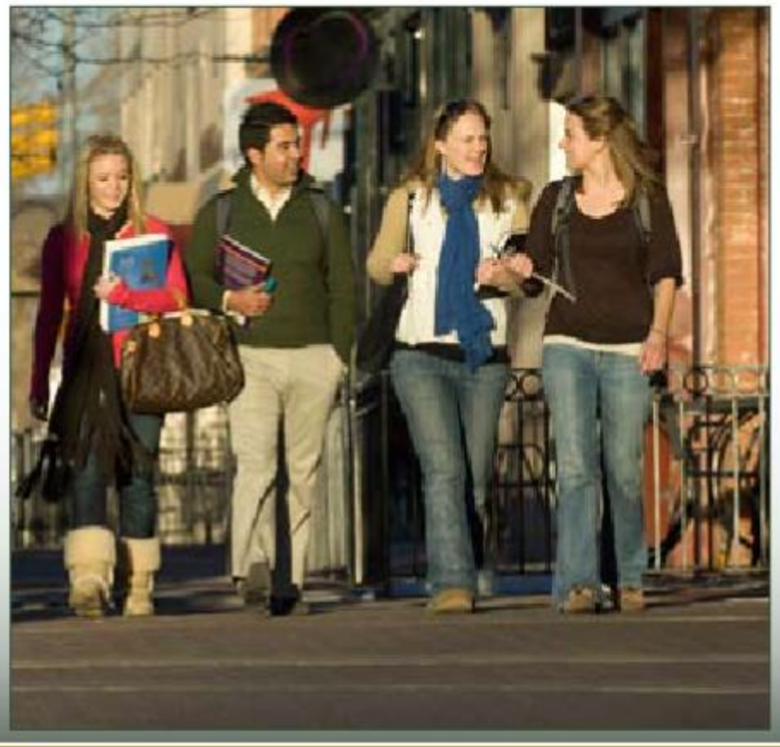
Fort Collins Facts

- No. 1 place to live in the United States (*Money* magazine, August 2006).
- No. 1 Best Place to Live and Work for Young Professionals (pop. 100,000-200,000), Next Generation Consulting, March 2009.
- No. 2 in *Forbes* magazine's best United States cities for business and careers (March 2009); Denver ranked 14th and Boulder was 20th among five Colorado locations in the publication's top 40.
- One of the Top 20 Places to Thrive (Best Boomer Towns, February 2009).
- Ranked 10th-best educated city in America (*Forbes* magazine, November 2008).
- One of the Best Places to Raise Your Kids (*BusinessWeek*, November 2008).
- Gold level Bicycle Friendly Community (League of American Bicyclists, September 2008).



One of Colorado's most vibrant cities, Fort Collins is the best place in the country to live, work and play. Located on the northern Front Range of the majestic Rocky Mountains, the city is within an hour's drive of Denver, the nation's 25th-largest metro area.

This city of 137,200 residents basks in 300 days of sunshine per year — more than San Diego and Florida — and includes the historic Old Town district with its restaurants, shops, and entertainment, all within walking distance of Colorado State University's campus.

Since its founding as a military fort in 1864, Fort Collins has anchored northern Colorado's rich heritage of academic, business and recreational pursuits. Hiking, mountain biking, kayaking, river rafting and rock climbing are just a few popular outdoor pursuits for students and residents.

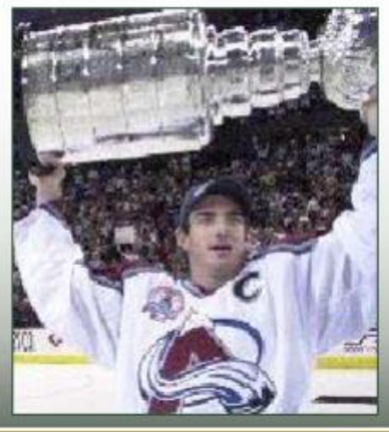
The city maintains more than 600 acres of parks, 5,000 acres of natural areas, 20 miles of off-street trails for hiking and biking, and three golf courses. The Lincoln Center and the University Center for the Arts, anchored in Fort Collins, are northern Colorado's cultural arts centers.

The Mile High City

The Denver Metro Area, with a population of 2.4 million, is less than an hour's drive from Fort Collins. A major-league metropolis, named by the *Sporting News* the best sports city in the United States, Denver is home to three teams that have competed for their respective world championships in the past 12 years — the Super Bowl XXXII and XXXIII champion Denver Broncos, the 1996 and 2001 Stanley Cup champion Colorado Avalanche, and the 2007 National League champion Colorado Rockies, who lost the World Series that season to the Boston Red Sox. The Denver Nuggets, meanwhile, have mad the playoffs in XX consecutive seasons, including a trip to the 2009 Western Conference finals against the evential champion Los Angeles Lakers.

Sports fans in Colorado are among the most passionate in the nation, and for good reason — their teams are winners.

Denver has all the features of any big city, including great shopping and nightlife on the 16th Street Mall (Denver Pavilions, below left), a one-of-a-kind concert venue in Red Rocks Amphitheatre (below, second from right), an adrenaline-inducing amusement park in Elitch Gardens, and the world's 10th-busiest airport, Denver International. Nicknamed the Mile High City because it is one mile above sea level, downtown Denver is home to the Colorado state capitol building, the 13th step of which is exactly one mile in elevation.



New Academic & Training Center

Cost: $7 million
Size: 16,000 sqauare feet,
Location: Southeast of the McGraw Athletic Center

Features:

- Training portion includes a state-of-the-art weight room, strength and conditioning offices, a nutrition center and restrooms.
- Academic center features five private tutorial rooms and large study areas
- Includes a computer lab with 30 workstations, more workspace and offices for CSU's academic staff.

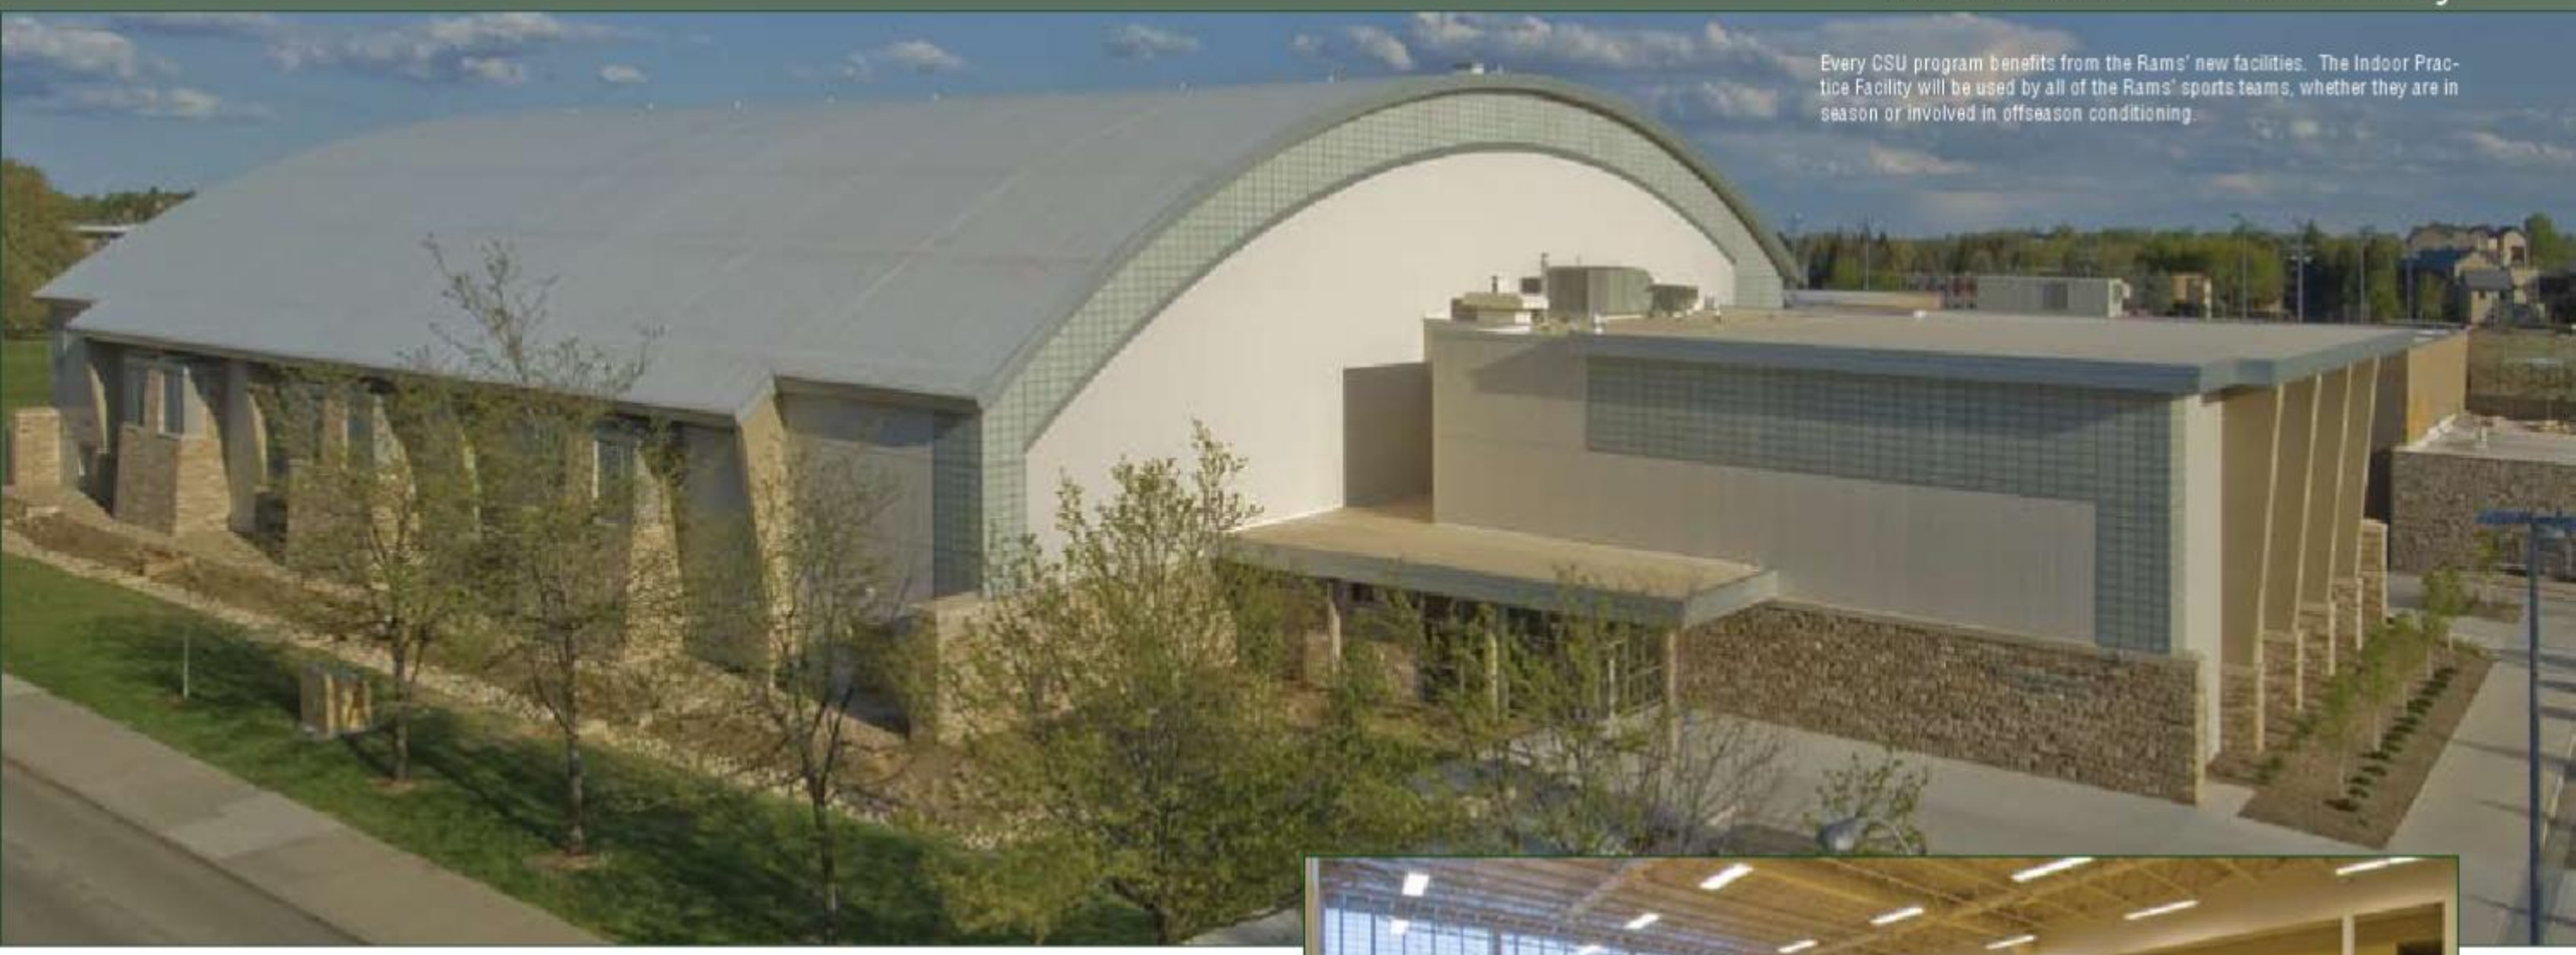
In 1998, Colorado State enhanced its weight room and built an academic center as part of the McGraw Athletic Center project, but these facilities no longer meet the needs of its expanded student-athlete base, nor do they allow the Rams to compete for top-quality recruits.

Because of the heavy time constraints placed on CSU student-athletes through practice, travel, strength and conditioning, and community service, a quality learning environment is essential for the university's student-athletes to achieve the high standards of academic success expected of them.

The Academic and Training Center is the latest centerpiece for CSU's athletic program and support its mission to recruit, educate, develop, and graduate Rams student-athletes within an environment that prusues excellence, values integrity and ethical conduct, promotes respect for all individuals, teaches sportsmanship, entertains our constituents and emphasizes championship performance.

The McGraw Athletic Center (right), which was built in 1998 and houses the CSU athletic department, is now accompanied by a pair of new, state-of-the-art facilities: the Academic & Training Center (top) and the Indoor Practice Facility (opposite). Both facilites were shown off at the grand opening celebration on Sept. 18, 2009.

New Indoor Practice Facility



Every CSU program benefits from the Rams' new facilities. The Indoor Practice Facility will be used by all of the Rams' sports teams, whether they are in season or involved in offseason conditioning.

Home-Court Advantage

Moby Arena is one of the most distinctive and effective homecourt playing facilities in the nation. Colorado State boasted a 15-3 mark at Moby Arena in 2009.

Since Tom Hilbert's arrival in Fort Collins in 1997, the Rams have hosted 33 nationally ranked opponents, coming away with victories in 23 of those contests. CSU's NCAA tournament victory last season over No. 6 Washington (above) marked the Rams' fifth consective home victory over a ranked opponent, dating back to a 3-0 victory over No. 13 Ohio State on Aug. 30, 2007. During that stretch, the Rams have also hosted and beaten opponents from Florida (No. 8 on Sept. 13, 2008), BYU (No. 24 on Sept. 20, 2008), Arizona (No. 25 on Oct. 4, 2008), and Washington (No. 6 on Dec. 4, 2009).

Rams on Television

Launched on Sept. 1, 2006, The Mtn. - MountainWest Sports Network - was the first network dedicated to a collegiate athletic conference. The Mtn. provides sports fans blanket coverage of MWC athletics across multiple sports. The network featured more MWC games on television than ever before during the 2008-09 academic year and is slated to bring more live coverage to fans during the 2010 volleyball season.

In addition to The Mtn.'s in-depth coverage and wide array of original programming, fans can also catch many Mountain West Conference sporting events on either CBS College Sports or Versus. The trio of networks gives CSU fans all over the country unprecedented access to all things Rams!

The Rams continue to be one of the most televised teams in the Mountain West Conference, and will appear on television at least five times this season, including matches vs. Colorado (CET - Aug. 31), at BYU (BYU-TV - Sept. 24), at Utah (CBS College Sports - Sept. 26), vs. TCU (The Mtn. - Oct. 14) and at New Mexico (The Mtn. - Nov. 11).

TOM **HILBERT**

OKLAHOMA (1984)
14TH SEASON AT CSU (332-85), 22ND SEASON OVERALL (506-157)

The Colorado State women's volleyball program has become synonymous with consistent winning under the guidance and tutelage of Head Coach Tom Hilbert, who enters his 14th season with the Rams and his 22nd overall as a collegiate coach in 2010.

With seven Mountain West Conference Coach of the Year awards to his credit, in the league's 11-year existence, it is clear why Hilbert's program has risen to the top of the MWC and become a stalwart on the national stage as a perennial Top-25 program.

Under Hilbert, who was inducted in the CSU Athletics Hall of Fame as the Hall of Honor recipient in 2006, the Rams have developed into one of the top programs in the nation, qualifying for the NCAA tournament for 15 consecutive years. The streak is a school record for consecutive postseason appearances in any sport.

A deeper look inside Hilbert's coaching record reveals some remarkable achievements. Hilbert has amassed a 164-28 record in Mountain West Conference play and has led the Rams to seven regular-season conference titles.

He ranks 11th among active Division I head coaches in winning percentage (.763). In 2009, Hilbert eclipsed the 500-win mark for his career, becoming one of 29 active head coaches with as many victories. At the time, Hilbert also ranked as one of just two on that list with

Hilbert's Coaching Philosophy

Like life in general, athletic development is a growth process, not a means to an end. To get the most out of life one should continuously set and re-evaluate performance goals in all areas; athletics, academics, career, etc. Through athletics young people learn how to set long- and short-term goals and build self-esteem through achievement of those goals.

I believe in a democratic style of team management. Teams should set their own goals, make their own rules and make major team decisions. Peer influence is much more effective than authoritarian influence. When an athlete takes part in successful team building, it is a very rewarding and educational experience.

In practice and in competition volleyball is a game of emotion and intensity so it is important to train with emotion and intensity. We combine high-repetition teaching drills with intense competitive game drills. Colorado State players learn to embrace competition and mental toughness. When the game is on the line, I want players who have looked pressure in the eyes and conquered it.

College coaches have an awesome responsibility in guiding young people through such an important segment of life. It is a time of emotional, intellectual and physical growth. We must take this responsibility seriously. When an athlete leaves a program under my direction, I want her to look back on her college athletic experience as one of the most rewarding times of her life.

fewer than 22 years of head coaching experience. That accomplishment came just more than one year after Hilbert distinguished himself as the winningest coach in CSU annals, surpassing the 300-win mark as a Ram and moving ahead of Rich Feller, who won 299 matches from 1983-96.

Hilbert has coached five different players to AVCA All-America honors, and one to *Volleyball Magazine* All-America.

While at CSU, Hilbert has an overall record of 332-85 (.799), and is 506-157 (.763) overall in 21 seasons as a head coach. He has led his teams to 20 or more wins every season since 1992 – a span of 18 straight years – with the 1999 Rams setting the school's single-season record for winning percentage after going 30-3 (.909).

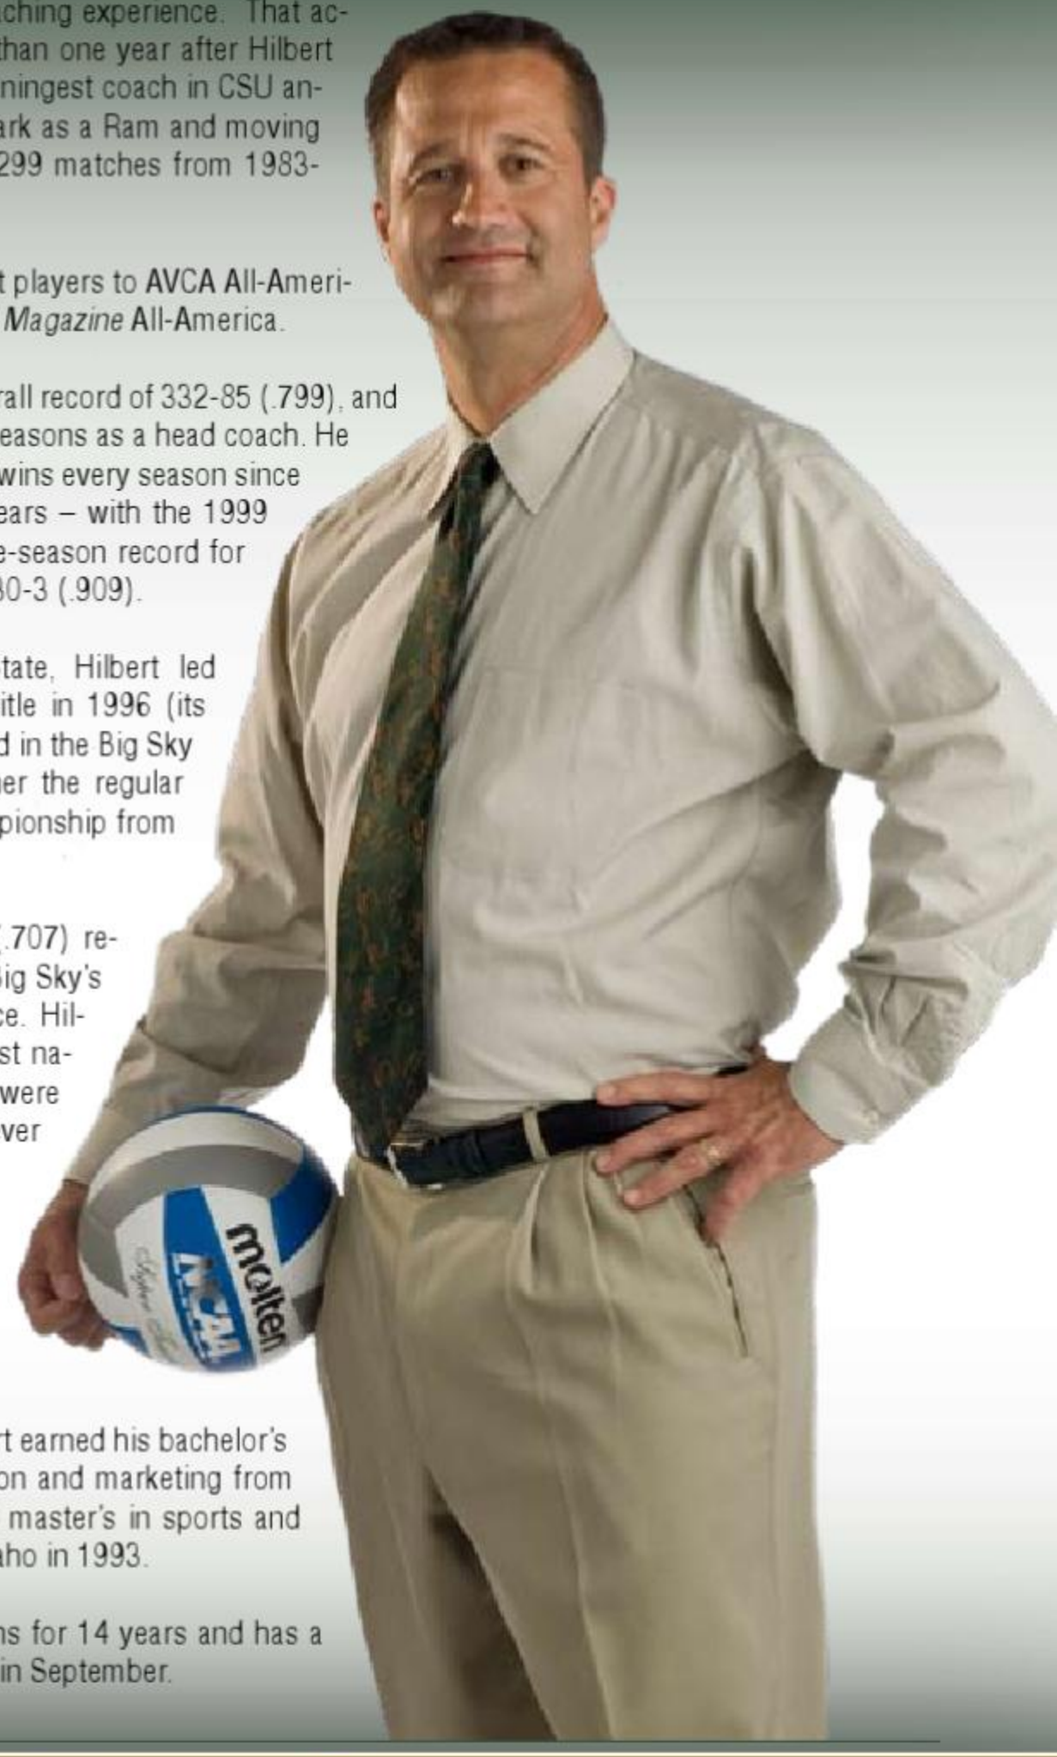
Before coming to Colorado State, Hilbert led Idaho to the Eastern Division title in 1996 (its first season in the Big West), and in the Big Sky Conference his teams won either the regular season or the tournament championship from 1992-95.

Hilbert accumulated a 174-72 (.707) record at Idaho. He coached the Big Sky's only All-American in Mindy Rice. Hilbert also guided Idaho to its first national ranking and the Vandals were the first Big Sky institution to ever be nationally ranked.

Prior to Idaho, Hilbert spent five seasons as an assistant at his alma mater, the University of Oklahoma, from 1984-88.

A native of Norman, Okla., Hilbert earned his bachelor's degree in business administration and marketing from OU in 1984. He also received a master's in sports and recreation management from Idaho in 1993.

Hilbert has resided in Fort Collins for 14 years and has a daughter, Myles, who will be 10 in September.



Associate Head Coach Jesse Mahoney

JESSE **MAHONEY**

COLORADO (1995)
SIXTH SEASON AT COLORADO STATE

Jesse Mahoney enters his sixth season with the Rams and his third as associate head coach. Mahoney serves as the recruiting coordinator in addition to working with the blocking schemes and middle blockers.

Since his arrival in Fort Collins, Mahoney has put together three recruiting classes ranked in the top-25 in the country by PrepVolleyball.com. The 2007 class was ranked 14th in the country, while the 2008 squad stacked up as the No. 22 class in the nation. The 2010 freshman class steps on campus this year as the No. 15-ranked group.

Mahoney's coaching presence has also been felt on the court as he has turned CSU into one of the top blocking teams in the country. Since his arrival in Fort Collins, CSU middle blockers like Dre Downs (all-conference and all-region in 2005, her first at the position), Mekana Barnes (three-time all-MWC, 2007 Mountain West Player of the Year, 2007 third-team All-American), and more recently, Tessa Nelson (2009 MWC Preseason Player of the Year, 2009 NCAA all-tournament team at Minneapolis Regional, two-time All-MWC selection) and Megan Plourde (2009 AVCA all-West region selection, 2009 all-MWC), have thrived under Mahoney's watch and established themselves as some of the top players in country at the position.

Since 2005, the Rams have ranked nationally in the top-25 in terms of blocking four times, ranking fourth in 2008, fifth in 2007, ninth in 2005 and 22nd in 2009. CSU has ranked consistently first or second in the Mountain West since Mahoney's arrival.

Mahoney came to Colorado State from Fort Hays State, where he was the head coach from 1999-2004. While at Fort Hays State, Mahoney tallied a record of 107-82, including a mark of 56-12 in both 2003 and 2004. His Lady Tigers went 31-5 in 2004 as they posted the best record in NCAA Division II competition and finished the season ranked 11th nationally. Mahoney led Fort Hays State to its first regional tournament berth in 2003 and then led the squad to the regional finals in 2004. Fort Hays State participated in four consecutive Rocky Mountain Athletic Conference (RMAC) tournaments under Mahoney's guidance.

At Fort Hays State, Mahoney coached the only three All-Americans in school history, Ashley Holt, Kelly Skidmore and Amber Zoglman.

Prior to Fort Hays State, he was the assistant coach at Colorado Christian in 1998, helping lead the Cougars to a tie for first place in the RMAC East Division (17-2 record).

Mahoney was the head coach of the University of Colorado men's club team for two years and was an assistant with the team the year prior to that. He also helped coach the 18-under Front Range Volleyball Club team that captured the USA Junior Rocky Mountain Region championship.

Prior to coaching, Mahoney spent four seasons as the starting setter on the CU men's club team. He earned all-tournament honors in 1993 after leading the team to the NIRSA collegiate club national championship.

A native of Boulder, Colo., he received a bachelor's degree in psychology from CU in 1995 and a Juris Doctorate degree at the University of Colorado School of Law in 1999. He is married to the former Gwen McEntyre and the couple has three children: Macy James (4), Griffin Mack (3) and Declan Thomas, who will turn 1 in September.

Frech first joined the Rams as a player in 2003 after spending her freshman and sophomore years at Salt Lake City Community College. In the 2003 and 2004 seasons Frech was a full-time starter for the Rams, earning all-Mountain West Conference and all-tournament honors while leading her team to NCAA bids in both years and a combined 56-9 record.

In 2005 Frech served as a student-assistant for the Rams while completing her degree. She then played professionally in France for MVS La Rochette for the 2006 season prior to returning to Fort Collins in 2007.

Director of Athletics Paul Kowalczyk

PAUL KOWALCZYK

Director of Athletics | Fifth Year at CSU | Kent State; '80, '86

Director of Athletics Paul Kowalczyk has placed Colorado State's program on an ambitious path toward national prominence with his insightful and visionary leadership.

Kowalczyk is in his fifth year leading CSU's program, demonstrating an unmistakable commitment to the university after signing in 2010 a five-year contract extension, through 2015. From the moment he arrived on campus in 2006, he has shown a leadership style that is steady and consistent with ambitious goals clearly established. Under his watchful eye, a foundation has been built to cultivate long-term success throughout the program. With the foundation firmly in place, Colorado State's program stands on the threshold of taking a bold step forward nationally to reach "stretch goals" established by the Board of Governors when Kowalczyk arrived.

Perhaps nothing better illustrates the progress toward prominence that CSU's program has made during Kowalczyk's tenure than the changing skyline surrounding Moby Arena and the McGraw Athletic Center, both of which serve as centerpieces of the athletics department.

During the summer of 2009, CSU opened two state-of-the-art athletics facilities that are visually prominent to any avid Rams fan upon arriving on campus.

A training facility includes an indoor football practice field plus basketball and volleyball practice courts, adjacent to Moby Arena. Also, a new academic and strength and conditioning center is next to the McGraw Athletic Center.

Over the last year-plus, Kowalczyk also has stewarded significant upgrades to Sonny Lubick Field at Hughes Stadium, including a $2.5 million landscaping initiative following the 2010 season that will make the venue's grounds at the base of the Rocky Mountain foothills even more attractive. Additionally in the last two years, Kowalczyk oversaw improvements to several CSU team locker rooms, and this fall, has spearheaded a $1 million project that will furnish Moby Arena with new state-of-the-art video boards.

The two new facilities, along with upgrades to CSU's stadium, arena and McGraw Athletic Center offices, make CSU's resources among the finest in the nation. Those additions and improvements also have made CSU competitive nationally while enhancing the institution's image across a broad spectrum. The facilities represent one of Kowalczyk's primary goals when he was appointed to his position at CSU. Almost immediately upon his arrival, he worked closely with campus leaders to develop the facilities initiative.

"These buildings show that Colorado State is unmistakably serious about achieving its stretch goals," Kowalczyk said. "Combined with the recent renovations at our football stadium, this puts us where we need to be in terms of offering quality, state-of-the-art facilities for our coaches and student-athletes, those who are here now and those who are thinking about coming here."

The facilities, along with recent contracts he negotiated with Russell Athletic (apparel and uniforms), Under Armour (footwear), and a deal with the University of Colorado to keep the Rocky Mountain Showdown at Invesco Field for the long-term future, also reflect Kowalczyk's commitment to excellence throughout the program.

Director of Athletics Paul Kowalczyk

Athletic Department Mission Statement

The purpose of the Colorado State University Department of Athletics is to recruit, educate, develop and graduate student-athletes within an environment that pursues excellence, values integrity and ethical conduct, promotes respect for all individuals, teaches sportsmanship, entertains our constituents and emphasizes championship performance.

"Average is simply not good enough," he said. "We must continually find ways to improve every aspect of our program while meeting the needs of our student-athletes and providing resources for our coaches -- not just to compete, but to win, and do it while serving the university, the community and the region."

Soon after Kowalczyk's arrival in Fort Collins, he worked closely with the Board of Governors of the Colorado State University System and the university leadership to set in place a set of "stretch goals." "The support of the board and campus administration, which was there every step of the way, was critical," Kowalczyk said. "We have leadership on this campus that not only recognizes the importance of investing in athletics, but also what a successful athletics department can do for the university."

Colorado State's stretch goals include:
•Achieve a No. 1 ranking in the Director's Cup, a ranking system that reflects overall program success;
•Annual Bowl Championship Series inclusion;
•NCAA men's and women's basketball tournament participation.
While the entire program under Kowalczyk's guidance has moved forward with the completion of the facilities, he readily admits there are more challenges that lie ahead.

"We will never stand still. We will continue to move forward. As a program, we will strive for excellence in every area, just as we challenge our student-athletes in competition and in the classroom.

"Our efforts will always include continually and diligently working to expand our ticket and Ram Club donor base as a means to generate additional revenue and scholarship fund support."

Colorado State's expected emergence nationally has provided followers of the program optimism and excitement.

Kowalczyk brought a wealth of experience and knowledge to Fort Collins when he was named the school's 16th Director of Athletics on April 11, 2006, after having served for six successful years in the same capacity at Southern Illinois University.

In the spring of 2008, he was named to the prestigious NCAA Division I Leadership Council, an advisory body to the Division I Board of Directors. The council identifies issues important to the future of Division I and offers its expertise in defining appropriate action items. Reappointed in June 2010, his current term expires in 2014.

Kowalczyk also remains involved in NCAA, NACDA and MWC activities.

During his tenure at SIU, he led the Salukis' emergence into a successful, nationally renowned athletics program, including 15 conference championships in seven sport programs.

Before his tenures at CSU and SIU, he was senior administrator at Northwestern University during a time in which the Wildcats program enjoyed national success. He also served as assistant athletics director for business operations at Kansas State, business manager for athletics at Portland State, and assistant to the associate athletics director at Kent State.

Kowalczyk holds a master's degree in sports administration and a bachelor's of business administration in accounting from Kent State University.

A native of Warren Ohio, Kowalczyk was inducted into the Warren High School Distinguished Hall of Fame. The award recognizes and honors individuals for their achievements and performance. In 2004, he received the National Football Foundation's Gen. Robert R. Neyland Outstanding A.D. Award, and in 2006 was named the Athletic Director of the Year for the Division I-AA Central Division. Kowalczyk in 2010 concluded a four-year term on the NACDA Executive Council, representing District 7.

He is married to Peg Lynch Kowalczyk.

2010 Season Preview

Danielle Minch is the 2010 preseason MWC Player of the Year.

Senior Audrey Hemmings will compete for a spot as the Rams' libero in 2010.

Megan Plourde earned all-MWC and all-region honors as a freshman in 2009.

Evan Sanders was an all-MWC performer in her first season as the Rams' starting setter.

Jacque Davisson is the emotional leader of the CSU volleyball team.

Emily Koenning looks to lead the Rams back to the postseason in 2010, alongside fellow seniors Danielle Minch, Jacque Davisson and Audrey Hemmings.

For the Colorado State volleyball program, the 2010 season appears to be shaping up just as each of the previous 13 under Head Coach Tom Hilbert has. Colorado State returns five starters and 10 letterwinners from a squad that went 25-6 (15-1 MWC), won the Mountain West Conference title, ranked No. 17 in the final top 25 poll, and appeared in the NCAA Sweet 16 in 2009.

Add to that a recruiting class ranked No. 15 nationally by PrepVolleyball.com, and you have a team poised for big things in 2010.

Colorado State returns a decorated roster, including three players - Danielle Minch, Megan Plourde and Evan Sanders - who earned all-Mountain West honors in 2009. Minch, a senior outside hitter, was named the 2009 MWC Player of the Year. Hilbert is coming off of his seventh MWC Coach of the Year award.

Minch, who was also honored as the preseason favorite to repeat as conference Player of the Year, and Plourde are coming off of breakout seasons in which each was named to the AVCA all-West region and honorable mention All-America teams. Sanders has been recognized as the MWC's preseason Setter of the Year after spending the summer of 2010 training with the USA A2 National Team.

Jacque Davisson remains the Rams' emotional leader on the court. A fiery outside hitter with talent to match her enthusiasm, she will be in the hunt for her first all-MWC nod as a senior in 2010.

But perhaps it is senior Audrey Hemmings who will have to fill one of the biggest voids for the Rams. The defensive specialist from Greeley, Colo., will open the season as the starting libero, filling in for departed senior Katelin Batten, the program's all-time leader in digs, to help anchor the Rams' defensive efforts.

Fellow defensive specialist Emily Koenning, who is often called upon to serve for the Rams in tight instances, will look to help her classmates Minch, Davisson and Hemmings lead the Rams back to the postseason in 2010.

Katelyn Steffan looks to return to her 2008 form, after a switch of positions in 2010. The junior from Dickinson, N.D., spent most of 2009 as an opposite hitter for the Rams, missing some time early in the year because of a foot injury. This year she is expected to compete for playing time at both outside hitter and middle blocker.

Additionally, sophomores Dana Cranston, Izzy Gaulia, and Brieon Paige return after making major contributions as sophomores in 2009. Redshirt freshmen Tori Brummett and Michelle Smith are also back and ready to compete on the court.

In addition to the Rams' returning lineup, CSU welcomes one of the top recruiting classes in the nation to Moby Arena. The 2010 freshman class was ranked 15th nationally by PrepVolleyball.com, the highest ranking among Mountain West Conference schools. It marks the fifth time since 2005 that the Rams appeared on the list.

According to PrepVolleyball.com, the Rams' incoming class of Deedra Foss, Marlee Reynolds, Katie Rutherford and Kelsey Snider, will rank as one of the most physical classes recruited by Hilbert and his staff. In addition, the Rams have also added sophomore middle blocker Sam Peters, a product of Englewood, Colo., who transferred to CSU after spending her freshman season at Santa Clara University.

Recognized as one of the most consistent programs in the country over the past 15 seasons, CSU enters this season in search of its 16th consecutive campaign with 20-plus wins and an appearance in the NCAA tournament.

In order to continue their streak of postseason play, however, the Rams will once again have to contend with a challenging schedule that features at least nine matches against six teams - Florida, Long Beach State, Duke, Utah, New Mexico and San Diego State - ranked or receiving votes in the AVCA preseason top 25.

2009 Review

Head Coach Tom Hilbert acknowledges the crowd during a standing ovation at Moby Arena. Hilbert won his 500th career match Nov. 5, 2009, vs. Air Force.

Nearly 3,000 fans packed Moby Arena to watch CSU defeat No. 6 Washington in the second round of the 2009 NCAA tournament.

Senior Katelin Batten was honored as the MWC's top libero in 2009. She finished her time at CSU as the Rams' career digs leader.

As a senior in 2010, Tessa Nelson was named to the NCAA tournament all-Minneapolis region team.

Megan Plourde (5) and Danielle Minch (13) joined Katelin Batten (above, right) on the 2009 AVCA all-West region team.

Minch was also named Mountain West Conference Player of the Year.

The Colorado State volleyball program entered the 2009 season with a sense that the team was on the cusp of doing something great. The Rams returned four players with at least one season of starting experience, led by seniors Tessa Nelson, the preseason MWC co-Player of the Year, and Katelin Batten, widely regarded as one of the nation's top defensive players. Nelson and Batten provided the veteran leadership, while a host of up-and-coming Rams had breakout seasons to help guide CSU to one of the most successful campaigns in the history of an already storied program.

The latest chapter, however, began with some adversity. The team opened the season suffering a pair of setbacks to Pepperdine – which snapped a 28-match home win streak - and Oregon State. Sitting at 4-3 following a loss at Duke, something clicked for the Rams. The team went on to win 12 consecutive matches, and 19 of the final 21 contests of the regular season.

The Rams rolled to a 15-1 mark against Mountain West Conference foes, earning the program's seventh MWC regular-season title, and entered the 2009 NCAA tournament looking to make some noise on a national level. And there was plenty of noise in the Rams' postseason run, much of which was fueled by the Moby faithful during thrilling home victories in the first and second rounds.

The Rams defeated a strong Middle Tennessee State program, 3-2, to advance to the second round against the No. 6-seeded and sixth-ranked Washington Huskies, setting the stage for CSU to take down a program just a few years removed from a national championship. And with nearly 3,000 screaming fans firmly behind them, the Rams dispatched the Huskies, 3-2, thanks to strong performances from their 1-2 punch at outside hitter, Danielle Minch and Jacque Davisson. The win avenged postseason losses to UW in 2002, 2005 and 2006, and earned CSU a trip to the NCAA regional semifinals, where they fell in the Sweet 16 to host, and No. 11-seeded, Minnesota.

The Rams closed the season with an overall record of 25-6, peaking at No. 17 when the final AVCA national rankings were released.

Minch was recognized as the Mountain West Conference Player of the Year, one of five Rams to earn all-MWC honors. Batten was tabbed as the conference's top libero, while Nelson, sophomore setter Evan Sanders and redshirt freshman middle blocker Megan Plourde were selected to the all-MWC team.

Hilbert, who earned his 500th career victory with a win over Air Force, was selected as the MWC Coach of the Year for the seventh time.

Minch, Batten and Plourde received further recognition from the American Volleyball Coaches Association (AVCA), earning spots on the all-West region team, and honorable mention All-America nods. Nelson was distinguished as a member of the NCAA tournament all-Minneapolis region squad.

Zak Gilbert enters his fourth season in Colorado State's athletic department. He officially joined the university on July 2, 2007.

The media relations staff, including two assistant directors and 15 student assistants, is responsible for the publicity of all 16 intercollegiate sports, including press releases, game notes, media guides and national honors campaigns. The office also manages content and maintenance of the department's official Web site CSURams.com, press credentials, press conferences, and press-box and press-row operations, while serving as a liaison between the local and national media and the athletic department.

Gilbert, 34, is only the second person to direct media relations over the last 29 years. In a 2007 restructuring of the office, he replaced senior associate athletic director Gary Ozzello, who gave up day-to-day media relations responsibilities in order to oversee several external relations staffs, including media relations. In addition to the overall staff operation, Gilbert works directly with the Rams' football, swimming and diving, women's tennis and water polo teams.

Gilbert returned to Fort Collins, his hometown, after six years in the Green Bay Packers public relations department, where among an assortment of duties he served as chief publicist for Brett Favre, the NFL's all-time leader in wins and nearly every career passing category.

Prior to his time in Titletown, Gilbert worked nearly four seasons (1998-2001) in the Colorado Rockies communications department. He also interned in the Super Bowl XXXII champion Denver Broncos PR department (1997) and wrote for the Boulder Daily Camera and Associated Press. And, during college, he worked every semester in the University of Colorado's athletic media relations office, where he served as chief undergraduate assistant for football during a four-year period that saw the Buffaloes win a Heisman Trophy, Butkus Award and Thorpe Award.

He earned a bachelor's degree in news-editorial journalism from the University of Colorado in December of 1997.

Born in Aurora, Colo., Gilbert graduated in 1994 from Fort Collins High School, where he lettered in football, served as the sports editor for his school paper, and delivered a commencement speech at Moby Arena.

He and his wife, Jennifer, reside in Fort Collins with their three children, Ashlynn, Braden and Caitlynn, a toddler the couple adopted in 2006. His younger sister, Lara, recently earned a degree in apparel and merchandising from Colorado State.

The Mountain West Conference

This is the Mountain West

From its inception in 1999, the Mountain West Conference has been committed to excellence in intercollegiate athletics, while promoting the academic missions of its member institutions. Progressive in its approach, the MWC continues to cultivate opportunities for student-athletes to compete at the highest level, while fostering academic achievement and sportsmanship. Now in its 12th year, the MWC has been assertive in its involvement with the NCAA governance structure and has taken a leadership role in the overall administration of intercollegiate athletics.

The Mountain West Conference has marked several achievements over its first 11 years of existence, most notably becoming the first to establish a sports television network dedicated solely to an intercollegiate athletic conference (The Mtn.). The Mountain West also was the first to experiment with the coaches challenge in the college football instant replay system, and was the first non-automatic-qualifying BCS conference to participate in and win two BCS bowl games. Additionally, the Mountain West was the first conference to have a member institution with No. 1 overall picks in both the NFL and NBA drafts in the same year (Utah's Alex Smith and Andrew Bogut, respectively in 2005). With San Diego State's Stephen Strasburg claiming the No. 1 pick in the 2009 MLB Draft, the Mountain West is one of two conferences to have the No. 1 selection in each of the NFL, NBA and MLB drafts since the MWC was founded in 1999. The Mountain West also ranks second in No. 1 draft picks in the NFL, NBA and MLB over the last six years with three overall.

The Mountain West Conference is noted for its geographic diversity. Some of the most beautiful terrain and landscapes in the nation can be found within Mountain West Conference boundaries, including the majestic Rocky Mountain range, which borders four MWC schools (Air Force, BYU, Colorado State and Utah). The high plains of Wyoming (elevation 7,220 feet – the highest Division I campus in the nation) contrast with the desert city of Las Vegas (the fastest growing metropolitan area in the West) and the Pacific Ocean locale of San Diego State. The southwestern flavor of New Mexico complements the western heritage and culture of Fort Worth, Texas, home of the MWC's most recent member, TCU.

History

The Mountain West Conference was conceived on May 26, 1998, when the presidents of eight institutions — Air Force, BYU, Colorado State, New Mexico, San Diego State, UNLV, Utah and Wyoming — decided to form a new NCAA Division I-A intercollegiate athletic conference. The split from the former 16-team conference re-established continuity and stability among the membership within the new league and signaled the continuation of its tradition-rich, long-standing athletic rivalries. Five of the MWC's eight original members have been conference rivals since the 1960s (BYU, Utah, New Mexico, Wyoming, Colorado State), while San Diego State (1978) and Air Force (1980) were longtime members as well. UNLV and TCU entered the fold in 1996 and the Rebels continued as one of the original eight institutions that formed the MWC in 1999. TCU rejoined the group with its first year of competition in the Mountain West in 2005-06. On June 17, 2010, Commissioner Craig Thompson announced the addition of Boise State University to the Mountain West Conference, effective July 1, 2011.

When the MWC officially began operations on July 1, 1999, the new league had in place a seven-year contract with ESPN, giving the broadcaster exclusive national television rights to MWC football and men's basketball, and three-year agreements to send the league's football champion to the Liberty Bowl and a second team to the Las Vegas Bowl. Commissioner Craig Thompson also arranged a third bowl tie-in each of the first three years (1999 Motor City, 2000 Silicon Valley, 2001 New Orleans) before securing a four-year deal with the Emerald Bowl in San Francisco in 2002. Entering the 2011 season, the MWC has five contracted bowl affiliations – the MAACO Bowl Las Vegas, San Diego Country Credit Union Poinsettia Bowl, AdvoCare V100 Independence Bowl, Bell Helicopter Armed Forces Bowl and New Mexico Bowl.

Exposure

The Mountain West Conference continues to receive unprecedented national television exposure through a combination of telecasts on The Mtn., CBS College Sports Network (formerly CSTV) and VERSUS. In 2009-10, 46 football, 94 men's basketball and 34 women's basketball Conference-controlled contests were broadcast nationally.

On Aug. 26, 2004, CBS College Sports Network (formerly CSTV) and the Mountain West Conference announced a visionary partnership that revolutionized the college sports landscape. The landmark agreement was the first NCAA Division I football and men's basketball conference-wide deal for CSTV and provided the network exclusive rights to all Conference events, including cable and satellite television coverage, national over-the-air and satellite radio, video-on-demand and online broadcast rights.

In the summer of 2006, the centerpiece of this historic relationship was realized with the launch of The Mtn. – MountainWest Sports Network – the first sports network dedicated to serving a single collegiate athletic conference. Nearly 25,000 hours of MWC programming have aired on The Mtn. since the network's launch on Sept. 1, 2006, and over 260 MWC events are shown live annually through a combination of telecasts on The Mtn., CBS College Sports Network and VERSUS. CBS College Sports Network is currently in 38 million homes, and available in 89 million nationwide. VERSUS is in 79 million households across the U.S.

Opportunity

The MWC provides a first-class athletic and academic experience for more than 7,000 student-athletes each year. Over the past 11 years, 34 Mountain West student-athletes have earned NCAA Postgraduate Scholarships, and since the league's inception in 1999, an additional 22 student-athletes have been named MWC Scholar-Athlete of the Year and awarded league-sponsored postgraduate scholarships. Three student-athletes have earned distinction as Rhodes Scholars (Jessica Mellinger, Wyoming and Delavane Diaz and Brittany Morreale, Air Force).

Conference student-athletes are also given a voice regarding pertinent issues within the MWC and NCAA governance structure through representation on the Student-Athlete Advisory Committee (SAAC). The Mountain West Conference SAAC consists of 19 representatives; two student-athletes from each member institution and one faculty athletics representative. The committee reviews and reacts to legislation and to other topics referred by the Conference constituent groups or committees related to the student-athlete experience.

Achievement

The MWC has produced 595 All-America selections among its 19 sponsored sports in the last 11 years, including a league-record 53 All-America honorees in 2004-05. A total of 110 MWC student-athletes have also earned Academic All-America accolades in that span, while 34 MWC student-athletes have earned NCAA Postgraduate Scholarships. The MWC has sent at least 30 teams to NCAA postseason events each of the past 11 years. Mountain West teams have captured three NCAA team championships over the last 11 years, with BYU claiming three national titles in women's cross country. Additionally, the MWC has produced 24 NCAA individual national champions in the sports of men's golf, indoor track and field and outdoor track and field.

MWC members have participated in 41 bowl games in 11 years, led by Utah's 9-0 mark in postseason contests. The MWC has earned 50 postseason bids in men's basketball, including 26 NCAA Tournament appearances and two NIT Final Four berths. MWC women's basketball has tallied 51 postseason bids, including 29 NCAA bids, five Sweet 16 appearances and one Elite Eight berth since 2000. Wyoming won the MWC's first WNIT championship in 2007 with a win over Wisconsin. In women's volleyball, the MWC has had 31 NCAA bids with eight Sweet 16 berths and one Elite Eight appearance. Women's soccer has earned 23 NCAA bids since 1999, with BYU advancing to the Sweet 16 in 2000 and the Elite Eight in 2003. MWC men's golf has had at least four representatives in each of the last 11 NCAA Golf Regionals, while women's tennis has had at least two teams participate in NCAA Regionals each of the last 10 years.
